**DETAILED ACTION**

1. Claims 1-33 are pending in this Office Action.

***Election/Restrictions***

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-5, 10-19 and 30-33 are drawn to determining a hierarchical context, classified in class 707, subclass 100.
- II. Claims 6-9 are drawn to copy each member of an input data set , classified in class 707, subclass 104.1.
- III. Claims 20-29 are drawn to determine the query includes an extension directing an OLAP server, classified in class 707/10.

3. Inventions I , II and III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, determining a hierarchical context in invention I can be used in processing a query. Copy each member of an input data set in invention II can be used in identifying an maximal sub-hierarchy of a dimension hierarchy. Determine the query includes an extension directing an OLAP server in invention III can be used in exclude member of the data during processing of the query. See MPEP § 806.05(d).

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Art Unit: 2162

5. Applicants are advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
7. A telephone call was made to Lawrence M. Cho on 10/1/2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 2162
